A tale of two robins

Two robins were sitting in a tree when one complained he was hungry. the other agreed and said "Let's fly down to that freshly plowed field and eat all the worms we can find" So they flew down and ate and ate and ate till one said, "I'm so full I don't think I can fly back up the tree." The other replied, " Me either. Let's just sit here and bask in the sun until we digest our meal" As they sat in the sun an old tomcat snuck up and ate them both. As he sat there cleaning his face he thought I love baskin robins
