Blue Letter Bible

<https://www.blueletterbible.org>

Online Bible

Our mission is to facilitate in-depth study of God's Word through an on-line interactive reference library continuously updated from the teachings and commentaries of selected pastors and teachers who hold to the conservative, historical Christian faith. We desire to operate the Blue Letter Bible as a ministry. This is a zero revenue project. There will be no charge for any services, nor are there any banner ads on the website to generate revenue. Development and programming labor, hardware and webspace have been provided by our sponsor, Sowing Circle, a non-profit Bible-centered ministry committed to serving Jesus Christ. We do not ask for donations, however, many people have expressed the desire to assist in this ministry project.
