Msg #1517 The Eastern Religions

What The Bible Says - Good Samaritan's Penny Pulpit by Pastor Ed Rice

Msg #1517 The Eastern Religions What The Bible Says Good Samaritan's Penny Pulpit by Pastor Ed Rice When God makes a move, Satan makes a counter move. In 2350 BC "it repented the LORD that he had made man on the earth" (Gen 6:6). A hundred years later, in 2250BC, after Noah's descendents said, "Go to, let us build a city," God said, "Go to, let us go down, and there confound their languages" (Gen 11:4,7). Four hundred years later, in 1850 BC, the LORD secured his promised land to Isaac. At the same time, Satan appeared to a Persian named Zoroaster and revealed himself as an equal twin of the LORD. Zoroastrianism is the basis for the eastern religions. In 1492 BC, less than 400 years later, while God was giving his Law to Moses on Mount Sinai, Satan was developing his precepts in the religious culture of India. Hinduism has a triune godhead; 'Brahma' as Creator, 'Vishnu' as Preserver, and 'Shiva' as Destroyer. The father of lies always twists the truth of the LORD God. His true trinity was revealed to the Hebrews, from the line of Seth. Hinduism and Indian culture also supposed that the 'most holy people' sprang from the head of 'Manu', the first created man. 'Rulers and warriors' came from his hands, 'craftsman' came from his legs, and 'base servants' came from his feet. To move up this caste system you must do yoga exercises and maintain good karma in your present level. Then, after death, perhaps you will be reincarnated into an upper level; eventually reaching the ultimate Nirvana, where your soul is emancipated from ignorance. Satan always counterfeits God, but the caste system was such a cultural blunder, that in 500 BC, Satan sent an 'enlightened one', or 'Buddah' to reform the whole complex cynical thing. Thus Buddhism spread on further to the East. I'm glad I'm in Christ.
