

[Baptist Ministries - Baptist Church Directory - Find a Church / Ministry](#) :: Your Favorite Site

New Hosting server

This is the new hosting server. I am still troubleshooting the domain problems. baptist-ministries.com is working. baptist-ministries.org throws a file not found error over here. No idea what is going on . Going to try one more thing and see if that works. It has the capability of taking the site down for a while.
