### Fundamental Baptist World-Wide Mission

Fundamental Baptist World-Wide Mission: A slave and a servant to the local church! F.B.W.W.M. is a local church mission board in every respect. Our Authority and accountability are vested in the East Side Baptist Church of Memphis, Tennessee, Dr. Teddy R. Steele, pastor, with the help of several other godly pastors and laymen. We are a faith mission, and exist to assist missionaries and their sending churches at no cost to the missionary. Our emphasis is also local church. Our missionaries are involved, directly or indirectly, in church planting in 10 foreign countries, as well as several locations in the U.S.A. F.B.W.W.M. also runs the Latin American Missionary Training Institute in Aguascalientes, Mexico. This one-year, institute, available to all fundamental Baptist missionaries, is designed to teach not only the Spanish language, but also how to live, get along, and, most important, effectively communicate the Gospel in the culture of Latin America.
