Organization offers internships and tours in Israel

Baptists for israel (bii) is a non-profit independent baptist organization founded in 1974. our program was originally a work / internship summer program but since then has expanded into a study program as well. the school offers a nine month internship program for undergraduate and master's students, as well as a two month summer internship program. baptists for israel also offers ten to fifteen day seminars at various times throughout the year for laymen who desire to know more about the land of israel and its people.
