Mexico: Av. 13 de Mayo, No. 1060 Col. OREMUNDO stands for Organizing local churches through the Recruiting of national workers for the Evangelization of the Spanish speaking world. Evangelist Valente Hernández founded OREMEX in 1981 to train Mexicans to minister to Mexicans. We believe that Christians working in their own country in their own language are more effective than foreign missionaries if grounded in the Word and thoroughly trained. Therefore we provide training and encouragement to the national pastors and Christians as well as missionaries through regular in-depth training by video, audio productions and conferences.
