### Group of Godly Fundamental Christian Women

If you are interested in joining this group of godly, fundamental, Christian ladies who use only the King James Version of the Bible, then this is the place for you. We are a loving and Christ-centered group, putting Jesus first in our lives, and encouraging and loving each other. We are not judges; we are not dictators; we are women who love the Lord and have come together for fellowship in Christ with other like-minded believers.
