Beacon International Baptist Mission

<http://www.beaconibm.com>

A mission that works in conjunction with the local church.

Beacon International Baptist Mission 2014 Indian Ridge Rd. Johnson City, TN 37604 (423) 928-5759 Its sole purpose is to reach the world with the Gospel of Jesus Christ and plant local, Independent, Indigenous, Baptist Churches using the Biblical model of evangelism while providing a system of personal accountability. BIBM is built upon the premise that it is the local church's responsibility to carry out the Great Commission and that each missionary sent is representative of Jesus Christ and ultimately a vital extension of the church that has sent him. With this in mind, BIBM is a ministry to help bridge the gaps that exist between a missionary on the field and his Pastor and church who share in the responsibility of his ministry.
