CDM+ Church Management Software

<http://www.cdmplus.com>

In today's rapidly-changing computing environment, a church or ministry needs a tightly integrated system to handle the flow of information that keeps its ministry healthy and connects it with its people.

CDM+/Suran Systems, Inc. 304 Crossfield Dr. Suite C Versailles KY 40383 (859) 251-5236 CDM+ Church Management Software is a powerful enterprise-level information system that is also completely configurable to your situation. Available programs include Membership & Attendance (including visitors), Contributions, Fund Accounting, Roommate Facilities Manager, Event Registration and Check In/Check Out. Our flexible pricing and choice of either a traditional license or software-as-a-service allows for an integrated software solution that's custom designed to meet the information management needs and budget of your church or organization.
