### Professional audio video equipment sales and services

Greenville Media is a family owned business providing professional broadcast audio video solutions for Broadcasters, Churches, Schools, and Government facilities. Initially supporting the Southeastern USA – South Carolina, North Carolina, Georgia and Eastern Tennessee – Greenville Media has expanded services to cover all 50 states. Mark and Carrie Finney of Greenville Media have a vision for building lasting relationships with customers and offering knowledgeable service and training. Now, with over 20 years of broadcast experience, Greenville Media continues to save customers money and provide users the training needed to maximize the effectiveness of their equipment.
