British Researchers Create Human-Animal Hybrid Embryos - Fox News

http://www.worthynews.com/top/foxnews-com-printer_friendly_story-0,3566,344789,00-html/

Embryos containing human and animal material have been created in Britain for the first time, a month before the House of Commons votes on new laws to regulate the research.

Date created: 2009/04/19
