Study Queries Protestant Clergy About Religious Persecution; China Names #1 Coutry for Persecution

Q

<http://www.christianpersecution.info/news/study-queries-protestant-clergy-about-religious-persecution-china-names-1-coutry-for-persecution-of/>

Protestant ministers in the United States generally believe that religious persecution is a major problem in today's world, and they believe the U.S. should impose sanctions against countries where this is occurring. These findings have just been released from a research study conducted among Protestant clergy in America.
