[Family Research Council decries YouTube censorship of discussion on whether schools should vaccinate children without parental knowledge or consent](#)

<http://www.frc.org/newsroom/family-research-council-decries-youtube-censorship-of-discussion-on-whether-schools-should-vaccinate-children-without-parental-knowledge-or-consent>

WASHINGTON, D.C. - Big tech giant YouTube has removed a video interview from a YouTube channel which features interviews conducted by Tony Perkins, who serves as president of Family Research Council and is host of Washington Watch, a program that broadcasts on nearly 800 Christian radio stations as well as Christian TV. YouTube removed the video citing alleged "medical misinformation," likely related to mention of the COVID-19 vaccines....
