Prayer, praise and provision

<http://childrenslighthouse.blogspot.com/2018/05/prayer-praise-and-provision.html>

Prayer, praise and provision. The Water for Life ministry returned and drilled 2 more wells for us. One for the school across from us that turned out great. Enough water for the school and surrounding homes... including our local mayor. So maybe a softer tone toward our Honduras Missions ministry. Plus it keeps all the school children from crossing a busy highway to our property for water. Seven people have been hit including one of ours in the last 10 years. The second well was in the mountains for the Ven a Mi Baptist Church. Water is not as abundant in the mountains, but we are hoping it will provide the church and surrounding area clean drinking water for the first time. Pastor Ruis is healing well with the meds and care that was provided. So much so he came to visit us and is now preaching up in the mountain for one of our preachers. He plans to return to Cuba
