About that Missing Blogpost....

<http://teampyro.blogspot.com/2023/06/about-that-missing-blogpost.html>

A note from Dan Phillips After about seven years without a post, I posted a copy of a letter I sent to the congregation I serve in Houston, Texas. I wanted to help parents talk with their children about the ubiquitous "Pride Month" intrusions. Then I followed up with a sermon. But someone flagged it to Blogger, where it was ruled that my post was "Hate Speech." Their definition: "content that promotes or condones violence against or has the primary purpose of inciting hatred against an individual or group on the basis of their sexual orientation, gender, gender identity, or any other characteristic that is associated with systemic discrimination or marginalization." This, of a post that literally says "we don't hate people who want bad things". We love people who don't know Jesus! But today, to believe in the actual Jesus is to be called a "hater." You will find my letter posted elsewhere, unedited. Click [HERE](#) to read the post Blogger tried to censor.
