Don't Let Your Older Years Become Your Colder Years

Let's determine that this will never happen to us.Â Let's determine that we will not close our lives by just being comfortable and casual in our Christianity.Â Let's never get to the place where we refuse to acknowledge and repent when we are wrong.Â Let's choose to live faithfully rather than pragmatically.Â We should be more than just tradition-defenders. We should also be team-players in the Lord's work.Â Let's never forget to seek God in our older years.
