Jewish students harassed on campus is unacceptable

<https://www.christianpost.com/voices/jewish-students-harassed-on-campus-is-unacceptable.html>

I want to challenge Christian groups on college campuses and campus ministers to organize a concerted effort to accompany their fellow Jewish students to class and by their presence help protect Jewish students from harassment and abuse. Multitudes of Christians across America should make it clear that to get to our Jewish citizens you will have to come through us first.
