Alarming: Attacks on U.S. Churches More Than Doubled in 2023, Report Finds

<https://www.christianheadlines.com/contributors/michael-foust/attacks-on-us-churches-more-than-doubled-in-2023-report-finds.html>

The number of hostile actions against churches more than doubled in 2023, according to a major new report that suggests the data could point to a “collapse in societal reverence and respect for houses of worship.”
