Travel: 2 New York City landmark churches

<https://www.christianpost.com/news/travel-2-new-york-city-landmark-churches.html>

Adams Cram, who died in 1942 at the age of 78, was one of the most prominent architects in the late 1800s and early 1900s. A practicing Episcopalian, most of his ecclesiastical works were designed for Anglicans, though he also did churches for other denominations.
